EDUCATION

LOVELY PROFESSIONAL UNIVERSITY
Computer Science Engineering | bachelors
CGPA: 4.9

Sept,2022 - July, 2026
Jalandhar, Punjab

BUDDHA PUBLIC SCHOOL
intermediate
Percentage: 72%

April, 2019 - July, 2021
Saharsa, Bihar

BUDDHA PUBLIC SCHOOL
matriculation
Percentage: 89.2%

May, 2019
Saharsa, Bihar

SKILLS

Programming Languages	Python, R, C++, Java, C, Excel
Libraries/Frameworks	Numpy, Pandas, Matplotlib, Seaborn

PROJECTS / OPEN-SOURCE

ROCK PAPER SCISSORS GAME   Python

The Rock, Paper, Scissors game repository! This repository contains a simple, interactive command-line implementation of the classic Rock, Paper, Scissors game using Python.

NUMBER GUESSING   Python

The Number Guessing Game challenges players to guess a randomly generated number within a specified range, typically from 1 to 100. Players input their guesses, receiving feedback on whether they're too high, too low, or spot on. They have a limited number of attempts to guess the correct number, and can opt for multiple rounds to improve their score. It's a fun and engaging way to test your intuition and number sense!

DICE ROLL GAME   Python

To play, the user inputs a static number between 1 and 6. Then, the program rolls the dice. If the rolled number matches the static number, the user wins and earns a point. The user can play multiple times until they choose to exit.

CERTIFICATIONS

- Become a Data Scientist - LinkedIn Learning.
- Machine Learning with Python - Great learning
- Python (Basic) Certificate - hackerRank
- R Programming - Coursera
- Excel Skills for Data Analytics and Visualization - Coursera
